VOLUME XVIII.

MAYSVILLE, KY., FRIDAY, MARCH 3, 1899.

NUMBER 86.

TO BE HANNA'S GUEST

Where President McKinley Will Spend His Proposed Vacation.

THINKS WELL OF THE SOUTH

He Receives a Warm Bid From Ohio's Junior Senator to Enjoy His Lay-Off at Mark's Spacious Georgia Home.

Washington, March 2.—Senator Hanna has invited President McKinley to go with him next week to his place at Thomasville, Ga., for a rest. The president has promised to go, if the public business is by that time in such condition as to permit his absence.

Senator Hanna said that the president had indicated a strong desire to accept the invitation, and that he felt encouraged to hope that he would find himself able to do so. If the trip is made it will be solely for the purpose of securing recreation, of which the president is in need after his long strain in connection with the Spanish war. Senator Hanna does not expect to get away before the latter part of next week.

Virtues of Municipal Ownership.

Peoria, Ill., March 2.—John McVickar, mayor of Des Moines, Ia., ex-president of the League of American Municipalities, read a paper at a meeting of mayors, in which he said that municipal ownership will result in reduced cost of service, improved service, purer water, purer gas, better electric light, more efficient public lighting, the removal of a constant source of corruption and menace to good government, higher wages to labor and lower salaries to heads of departments.

Floods Caused by a Volcano.

Vancouver, B. C., March 2.—Intelligence from Lac La Hoche, a camp in the Cariboo gold country, says that a flood caused by volcanic action in Lookout mountain, which melted the snow, has caused much damage. The miners are fleeing to high ground, as the water continues to rise. The mountain was covered by snow 10 feet deep in places when steam issued from its side, and the snow was sent in streams of water into the valley, causing all the creeks to overflow.

Voluntary Increase in Pay.

Lebanon, Pa., March 2.—The management of the Pennsylvania Bolt and Nut works announce a 10 per cent increase in wages in the puddling and rolling mill departments, to take effect April 1. The Lebanon rolling mills also gave notice of a similar increase in the wages of the employees of that establishment. The employees of Swede's furnace, at Norristown, have received a 10 per cent. advance.

Soldiers in a Wreck.

Tupelo, Miss., March 2.—A train wrecked near here had on board several hundred members of the Second Missouri volunteers, who had been mustered out and were returning to their homes. Two are reported seriously injured. Colonel William K. Coffee, of Carthage, Mo., commanded the regiment, which was raised under the first call for volunteers.

Committed to the Tombs.

New York, March 2.—Nathan Lathmoon, alias Copleman, under which last name he was arrested in Chicago, charged with grand larceny in the first degree, and was brought from Chicago, was arraigned before Recorder Goff and committed to the Tombs. It is understood that he will plead guilty to the charge of gold-dust swindling.

Queen of Belgium Ill.

Brussels, March 2.—The queen of Belgium is gravely ill. Her majesty is suffering from bronchial pneumonia. Queen Maria Henriette, of Belgium, was born on August 23, 1836, and is a daughter of the late Archduke Joseph of Austria. She was married on August 22, 1853.

Habes Burned to Death.

Meyersdale, Pa., March 2.—The residence of John Haines, at West Salisbury, was burned and two children, aged two months and two years, were cremated. Mrs. Haines was also dangerously burned, and Mr. Haines was slightly injured.

Fatal Gas Explosion.

Wilkesbarre, Pa., March 2.—By an explosion of gas in the No. 1 shaft of the Kingston Coal company, David A. Thomas and Harry Evans were fatally burned and Sil Shadrick was probably killed, as his body has not yet been found.

Pittsburg, March 2.—George Leoffert & Sons, lumber dealers of Sharpsburg, Pa., have filed a petition in bankruptcy. Liabilities, \$126,000; assets, \$6,000, principally open accounts.

CHRISTIAN ENDEAVORERS.

Details of Arrangements for the Coming Convention at Detroit.

Boston, March 2.—Secretary John Willis Baer, of the United Society of Christian Endeavor, has announced some of the details of the program for this year's convention, to be held in Detroit, July 5 to 10: Wednesday, July 5, will be given up to business meetings, with the opening session in the evening; July 6, the convention will listen to President Clark's annual address, the general secretary's annual report and a sermon, and denominational rallies will be held; Friday, two great schools of methods in the tents; Saturday, a grand outing to Belle Isle and the old-time reunion of states; on Sunday, sermons; Monday, two great farewell meetings.

Senator Gray's New Job.

Washington, March 2.—Senator George Gray, of Delaware, whose term expires March 4, has signified to the president that he would accept a tender of appointment as United States circuit judge for the Third judicial circuit, comprising the states of New Jersey, Pennsylvania and Delaware, and his appointment has been definitely decided upon. Senator Gray is a gold Democrat and was one of the American commissioners in the recent peace treaty negotiations.

Two Small Strikes.

Pittsburg, March 2.—The "punchers" at the Schoen pressed steel works, Allegheny, struck for an advance in wages of 25 cents a day. The strikers claim that 400 men are out and the firm say that only 70 refused to work. Three strikers were arrested, charged with intimidating workmen. At the Fox pressed steel works, in this city, 25 men struck against an increase of hours without extra pay.

Canadian Aggression.

Vancouver, B. C., March 2.—Miners who have just arrived on the steamer Tees from the north say the Canadian officials on the Dalton trail have seen fit to change the boundary line to suit themselves. They have advanced a considerable distance into American territory, and have planted the British flag within seven miles of Haines Mission, the entrepot for the Porcupine district.

Torrid Weather at Manila.

Manila, March 2.—This is the hottest day of the season, but fortunately all is quiet inside and outside of our lines, and the majority of the men were kept in the shade. The United States transport Morgan City has arrived here. The wives of the officers and other women passengers were not allowed to land, the authorities considering the condition on shore to be too unsettled.

Mysterious Suicide.

Boston, March 2.—C. N. Chadwick, of Charlotte, N. C., apparently a person of wealth, committed suicide by shooting at the Parker house. Among the man's effects was the following telegram from Charlotte, N. C.: "N. Chadwick—Absence causing anxiety. Let me know how and where you are.—Blanche." The man was about 38 years of age.

Butcher Becker's Confession.

Chicago, March 2.—Albert Becker, the South Side butcher, has confessed to wife murder. He says he pushed the woman in the lake, as the result of a quarrel. Police believe the real motive of Becker putting his wife out of the way was to enable him to marry pretty 17-year-old Eda Sutterlin, with whom he had for some time been madly infatuated.

Receiver For Brentanos.

New York, March 2.—William Rose was appointed permanent receiver for Brentanos, publishers of this city, Washington and Chicago, in a suit brought by Simon Brentano against August Brentano and Arthur Brentano, his partners, for a dissolution of the firm. The bond of the receiver is fixed at \$25,000.

A Great Fire.

Charlotte, N. C., March 2.—Fire here destroyed the Southern freight depot, a cotton compress, the joint property of the Southern and Seaboard railroads, a large storage warehouse, 4,000 bales of cotton intended for export to England and Germany, and several hundred tons of commercial fertilizers. The loss will be about \$400,000.

Maher and Kid McCoy.

Pittsburg, March 2.—M. J. Connelly, the manager of Peter Maher, the pugilist, has received a telegram from the National Athletic club, of San Francisco, offering \$10,000 for a contest between Maher and Kid McCoy, to take place in April. Connelly has the matter under consideration.

Tobermory, Scotland, March 2.—Investigation into the wreck of the British steamer Labrador shows that she ran ashore about four miles from Skerryvore during a gale. The passengers and crew were saved in the boats.

OHIO CENTENNIAL BILL

It Goes Through the National House With a Whirl.

CARRIES HALF A MILLION.

Measure to Deny General Wheeler and Other Representatives of Seats in the House Sidetracked by a Decisive Vote.

Washington, March 2.—There was a great scramble for unanimous consent legislation when the house met. With the end of congress only 48 hours off, almost every member had some local measure he was trying to rescue from death on the calendar, and they stood in the area in front of the speaker's rostrum ten deep clamoring for recognition. A series of bills authorizing various officers of the government to accept decorations from foreign governments, and others of local character were passed.

The resolution to declare General Wheeler and other representatives holding army commissions to have vacated their seats in the house was called up by Mr. Henderson, of Iowa. The question of consideration was raised at once by Mr. Lacey, of Iowa, and by 164 to 77 the house refused to consider the matter.

The Toledo exposition bill, carrying \$500,000, passed the house by a vote of 120 to 19, as did the Buffalo exhibition appropriation, 141 to 16.

Nicaragua Canal.

Washington, March 2.—The indications from the conference on the river and harbor appropriation bill are that a compromise on the Nicaragua canal amendment will be agreed to. One of the recent propositions made and being discussed is for an appropriation of \$5,000,000 with authorization to the president to investigate both the Panama and Nicaragua routes, and when the best route is found the secretary of war is to go ahead with the work and enter into contracts for its completion. It seems to have been determined that some canal legislation will be passed.

Revolutionists Surrender.

Washington, March 2.—Mr. Clancy, United States consular agent at Bluefields, has informed the department of state that "to prevent unnecessary bloodshed, revolutionists under command of Reyes surrendered to Nicaraguan General Reuling on advice of Captain Symonds and Burr. Lives of General Reyes and followers guaranteed. Foreigners who participated must leave Nicaragua. Forces have been landed by Symonds and Burr. Quiet prevails."

Germany's Commercial Interests.

Washington, March 2.—Without neglecting agriculture at home, the German government is making commercial interests more and more the basis of its foreign policy. The state department has been so informed by Consul Winter at Annaberg, who adds that Germany's export trade forms the center of gravity for almost every political transaction, and that every encouragement is being given to it by the imperial German government.

In the Senate.

Washington, March 2.—The conference report on the bill authorizing governors of states to be reimbursed for expenses incurred in raising and equipping the volunteer army was agreed to, as was the naval personnel bill. A bill reported by Mr. Hawley, of the military affairs committee, amending the act suspending the operation of certain provisions of law relating to the war department was passed.

Adjusting Prize Cases.

Washington, March 2.—The navy department is pushing the settlement of the prize cases, growing out of the late war, as rapidly as possible. The judge advocate general has sent to the auditor of the treasury for the navy the claims of the Nashville and Marblehead for the seizure of the Argonauta, and the Marblehead, Resolute and Annapolis for the seizure of the Adula.

Otis' Casualty List.

Washington, March 2.—General Otis cables that Captain Elliott, First South Dakota, was killed and ten privates wounded before Calocan on the 27th and 28th. Captain Lewis Leland, First Tennessee, died at Hottel on 26th of smallpox.

Dewey's Commission.

Washington, March 2.—The commission of George Dewey to be an admiral in the navy has been made out at the navy department and sent to the White house to be in readiness when the bill creating the office of admiral is signed by the president.

Daily Ballot.

Harrisburg, Pa., March 2.—Thirty-eighth ballot for senator: Quay 96, Jenks 74, Dalzell 17, scattering 30.

UNION REFORM PARTY.

All Reports on Plans of Organization to Be Submitted to a Referendum Vote.

Cincinnati, O., March 2.—The general conference of the Union Reform party was preceded by a meeting of the new national executive committee, of which R. S. Thompson, of Springfield, O., was made chairman. After outlining divisions of the work, the committee adjourned to meet at Buffalo June 29. In the general conference Thomas Ratcliffe, of Illinois, Sheridan Webster, of Missouri, and Asa Taylor, of Nebraska, presented three separate reports from their committee and plans of permanent party organization. Their reports all related to the organization of local referendum clubs and district and state leagues. The conference spent the session in committee of the whole discussing these reports.

On recommendation of the committee of the whole, all the reports and amendments on plans of organization were referred to the national executive committee, with instructions to take a referendum vote not later than July 5. The plans adopted at Buffalo June 29 will be referred for the referendum vote on July 5. Adjourned sine die.

And Now a Casket Trust.

Upper Sandusky, O., March 2.—A gigantic casket trust is now forming and should expectations be realized, one dying three months after this date will do so at a greater expense than now. It has just leaked out here that several agents of the trust now in process of formation, with headquarters at New York, were here during the past week, taking an inventory of the big Stoll casket works, with a view of including it in a combine.

Iron Men Want More Pay.

Cleveland, O., March 2.—The Amalgamated Association of Iron and Steel workers is sending organizers to the various industrial centers in order to strengthen their union, with a view to demanding a sharp advance in wages. The present scale expires July 1. The new scale, which will be presented to the manufacturers on that date will, it is stated, probably demand an increase of from 15 to 20 per cent.

Steel Workers Get an Advance.

Cleveland, O., March 2.—Within the past few days fully 8,000 workmen, largely employed in the various mills controlled by the American Steel and Wire company, in this city, have been notified of an increase in wages, ranging from 5 to 10 per cent. The flood of orders, revival in the steel trade and advance in prices for finished material are given as reasons for the advance.

Kindergarten League.

Cincinnati, O., March 2.—The sixth annual convention of the International Kindergarten union began a three days' session here, with the largest attendance in the history of that organization. After the welcome address by Mayor Tafel and the responses, the reports of the officers, advisory board and committees were submitted.

Two Ohio Appointments.

Washington, March 2.—The president sent these nominations to the senate: Vivian J. Fagin, marshal for the Southern district of Ohio; Elias R. Monfort, postmaster at Cincinnati, O.; Assistant Naval Constructor Richmond P. Hobson to be advanced ten numbers from No. 1 of the list of assistant naval constructors, for heroism.

Here's a Denial.

Youngstown, O., March 2.—Henry Wick, who is first vice president and chairman of the executive committee of the National Steel company, returned from Chicago. He denied the existence of any combination between the American Tin Plate company and the National Steel company, as has been reported.

New Incorporations.

Columbus, O., March 2.—The Bakhaus and Kenenzel company, New Bremen, capital stock, \$75,000; the Eureka Oil and Gas company, Dennison, \$5,000; the Elks' Social club, Conneaut; the National Food company, Dayton, \$25,000.

Came to Blows.

Salt Lake, Utah, March 2.—In the legislative investigating committee there was some disagreement between Attorneys Van Cott and Evans. Van Cott struck Evans, but the members of the committee forcibly prevented further trouble.

An Infantile Tragedy.

Greenfield, Ind., March 2.—A seven-year-old son of Steven Bolander, residing near Mohawk, accidentally shot and killed his four-year-old sister with a rifle. The discharge of the weapon entered the breast, causing death.

General Toral Imprisoned.

Madrid, March 2.—General Toral, who commanded the Spanish troops at Santiago de Cuba, has been arrested and imprisoned, previous to being tried by courtmartial on the charge of capitulating to General Shafter at that place on July 14 last.

WORMS IN ARMY BEEF.

A Whole Battalion Made Very Ill as a Result of Eating the Meat.

ENGINEER WALTERS' STORY.

Before the Court of Inquiry He Gives Sensational Testimony, Clearly and Calmly, Without the Slightest Wobble to Right or Left.

Washington, March 2.—The war department court of inquiry held a long executive session before beginning the examining of any witnesses. The testimony of Clarence Walters, of the First volunteer engineers of New York, was rather sensational. He was apparently well educated and intelligent, and gave his testimony clearly and calmly, but with positive directness.

He was asked what his experience with canned beef had been on the voyage of his transport to Porto Rico, and replied that the first can he saw opened had worms in it, and a few minutes after being opened developed such a putrid odor that it was impossible to have it about. He ate some of it and it made him violently sick. He said he had been on sea trips before and was never seasick. The men of his company complained of the meat, and the commissary sergeant refused to accept it. Some of the meat was given to the surgeon major, who tasted it and said it was all right. The sergeant commissary was compelled to accept it, but did so under protest.

Nearly all the men of his battalion were sick throughout most of the voyage as the result of eating this meat. Colonel Davis, the recorder, ordered a can opened, and asked witness if it was the same used in the service. Witness said it bore no resemblance to the campaign article. The cans he had seen were a different form, keystone shape, and the color, consistency and odor of the contents were entirely different. A second can was opened for inspection with the same result. Witness did not recognize it. The commissary sergeant of his company was George Taylor, of 56 Pine street, New York, since made lieutenant.

After reaching Porto Rico he was sick for a week as a result of the voyage. He was given some medicine and told he would be all right in a little while. On shore he got supplies from the Red Cross and bought milk and eggs from the natives, practically subsisting himself during his stay on the island. At least two-thirds of his company were fully as sick as he, and from the same cause.

"Were you sick before you went aboard the transport?" asked Colonel Gillespie. "No, sir."

"What sort of a life had you led before going into the service?"

"I can't say that I have been a dissipated man," was the reply, and there was a general smile around the room. Colonel Gillespie frowned and changed the form of his question.

"I don't mean that. What business were you in before entering service?"

"I was in the newspaper business."

Service Men of the Spanish War.

Atlanta, Ga., March 2.—Captain Wilson I. Davenny, of Chicago, explained the objects of the new society, the "Service Men of the Spanish War." He says the idea is almost similar to that of the Spanish-American War Veterans' association. To organize, a convention has been called. The Service association has been in existence since last November, and the organization has been incorporated under the laws of Kentucky, and a constitution formulated and adopted.

National League Magnates.

New York, March 2.—At the third days' session of the National league magnates the delegates went into "star chamber" session to listen to Colonel John Rogers' talk. Never in the history of league baseball has there been so much wire pulling as there is at the present meeting. Fear of public censure and the courts has checked the tendency toward dangerous legislation. The report of the rules committee occupied the attention of the magnates.

Mikado's Finest Ship.

San Francisco, March 2.—The cruiser Chitose, built by the Union Iron works for the Japanese government, has been formally delivered to Captain Sakurai, who will be her future commander. The vessel now flies the Japanese flag and is considered the finest ship in the Mikado's navy. She has developed a speed of 23.75 knots while manned by her own crewmen.

Kipling Better.

New York, March 2.—Mr. Kipling has made satisfactory progress. He has but a slight fever, is comfortable, though weak, and restoration is taking place in the affected part of the lungs. The Kipling children, who are both ill of pneumonia, were getting on nicely.

DEMOCRATIC EXECUTIVE COMMITTEE MEETING.

The Democratic Executive Committee are requested to meet at the law office of T. D. Slattery, Maysville, Ky., on Saturday, March 4, 1899, at 11 o'clock a. m.

A full attendance is desired.
 JNO. W. ALEXANDER, Chairman.
 T. D. Slattery, Secretary.

INDICATIONS.—Rain to-night and Saturday.

CONGRESSMAN BERRY, Democrat, got his bill through Congress appropriating \$25,000 for a public building at Carrollton, Ky. What has become of Mr. Pugh's fluence? There isn't a public building in the Ninth district, while the one at Carrollton will make the third in Mr. Berry's bailiwick.

The committee investigating the army beef scandal is receiving abundant testimony sustaining all the charges preferred by General Miles, and yet there is a suspicion that the committee is not desirous of getting all the facts. Captain Clarence Walters, of the First Engineer Corps, the first witness Thursday, stated that the canned roast beef made him sick on the trip to Cuba, and that the men in his company complained of it, to a man. Not one can that he saw opened was wholesome. He stated that some of the cans had maggots in them. Mr. Walters' testimony was extremely damaging, and after being excused he said:

"I was not permitted to give a fraction of my testimony. What I know about that damnable beef would fill a book. I guess they did not want to know."

It is but justice to General Miles that all the facts should be laid before the people, and he should insist on witnesses being permitted to testify in full.

PERSONAL.

—Captain E. W. Fitzgerald, of Covington, was in Maysville Thursday.

—Miss Frances Gault is visiting her brother, Dr. Gault, of Portsmouth.

—Miss Henrietta Davis is visiting her sister, Mrs. Isaac Levi, of Portsmouth.

—Mrs. H. M. Scudder, of Carlisle, has been visiting relatives here this week.

—Rev. W. W. Spates and wife, of Flemingsburg, were in Maysville Thursday.

—Misses Margaret Duke Watson and Miss Suzanne Hall were in Cincinnati Thursday.

—Mrs. W. F. Dugan, of South Ripley, is the guest of Miss Bertie Rudy, of East Second street.

—Messrs. A. H. Parker and G. W. Chandler, of Vanceburg, were registered at the New Central Thursday.

—Miss Alberta M. Luman is spending a few days in Cincinnati, after which she will resume her position in Georgetown.

—Ashland News: "Miss Stella Downing and Miss Wells, of Mason County, will be here the last of the week. They will be the guests of Mrs. D. L. Bush, of Green-up avenue."

—Miss Lucy Lee returned from Ironton on Wednesday, having been called there by the illness and death of Col. Elias Nigh, father of Mrs. Stanley Lee. Mrs. Nigh has also been very ill, but is much better.

—Rev. Howard T. Cree and wife go to Flemingsburg this afternoon to attend the banquet to be given to the business men of that city by Rev. Mr. Willie, of the Christian Church. Mr. Cree will deliver an address.

LATE WHEAT INJURED

Quite Seriously by the Recent Cold Snap. So Reports to Mr. Moore Indicate. Fruit Prospects.

State Commissioner of Agriculture Moore has received reports from 101 counties in Kentucky, since the recent cold snap, which show that the peach crop is almost completely killed, while apples and other fruits are comparatively uninjured.

All the late wheat was seriously damaged, and as an unusually large amount of the acreage was sown late the loss will be immense.

At this time last year the condition of the wheat crop was 93 per cent. compared to other years, and would have been 95 per cent. this year but for the freeze, but now the reports show it will drop below 85 and may go below 80 per cent. of other years.

THE MAYSVILLE MAN.

Hon. A. M. J. Cochran Now Tipped as a Sure Winner in the Federal Judgeship Fight.

[Confidential Journal.]

WASHINGTON, March 1.—The fight over the Kentucky District Judgeship took a very unexpected turn to-day. It is now said to be the intention of the President to appoint Judge A. M. J. Cochran, of Maysville, as Judge Barr's successor. A gentleman who called at the White House this morning states that the President has fully made up his mind on this point and may send the nomination to the Senate as early as to-morrow.

Senator Deboe saw the President this afternoon, and while he is very reticent concerning his visit, it is known that everything did not go as the Senator wished. He stated to-night that Attorney General Taylor was out of the race and that he would again see the President and urge the appointment of Judge W. H. Holt, of Frankfort.

Of the entire list of candidates no one is more objectionable to the Senator than Judge Cochran, and it was generally believed here that while the President might not appoint a first or second choice of Senator Deboe, yet he would at least agree to compromise on some one other than Judge Cochran, even if it had to be Col. Walter Evans.

It has been stated in these dispatches the objection that Senator Deboe has to Judge Cochran is that he is too closely allied to the Bradley faction, and his appointment would be considered a Bradley victory.

It seems that the favorable outlook for Judge Cochran is due to the work of Representative Pugh and Solicitor of Internal Revenue Thomas. Since Mr. Pugh has been out of the Judgeship race he has been putting in goodicks for Judge Cochran, and had an interview in his interest to-day immediately before Senator Deboe called. Friends of the Senator still express confidence that the President will at the last minute decide not to appoint Judge Cochran, but things are rather drifting the other way. Judge Cochran is considered one of the ablest lawyers in Kentucky, and would doubtless prove a worthy successor to Judge Barr.

It was stated at the Attorney General's office that Judge Cochran has the best legal indorsement among those applying for the position.

CASE OF SMALLPOX.

Employee in a Cincinnati Hospital Stricken With the Disease While Visiting Near Poplar Flat.

Last Friday, Os McGlasson, who is employed in one of the Cincinnati hospitals, came to Maysville and hired a rig at one of the livery stables to drive to the home of his father-in-law, Mr. Mason Applegate, who lives near Poplar Flat, Lewis County. A negro went along and brought the rig back.

McGlasson had been feeling bad for several days, and the physician at the hospital had advised him to make the trip, thinking it would help him. He spent Friday night at Applegate's and was so much worse Saturday that he determined to return to the hospital. A member of the family drove him to Springdale where he boarded a C. and O. train for the Queen City.

McGlasson himself and the Applegates were afraid he was taking the smallpox on Saturday, and since then a letter has been received by the family from the physician at Cincinnati stating that McGlasson is down with the disease, and advising them all to be vaccinated at once.

Clarence Applegate and wife, living near Rectorville, both spent Friday night at Mason Applegate's and were exposed to the disease.

As a result of the scare, physicians in that section are busy vaccinating the people.

Maysville's health authorities should hunt up the negro driver who was exposed to the disease, and keep him isolated for a week or so.

Major Hutchins.

At the meeting of the Loyal Legion at Cincinnati Wednesday night, the Enquirer says: "Major Morris C. Hutchins, of Maysville, read a most interesting paper describing the battle of Franklin, Tenn., in which he participated, and which he states was the hardest fought battle of the civil contest, 8,200 men falling within a few hours. Major Hutchins was the Adjutant who ordered up the Kentucky regiments that recaptured the breastworks the Confederates had stormed. The Major is now the Quartermaster stationed in Cincinnati. He was of late years Republican County Judge of Mason County, Kentucky, and is a very popular man in his State with all parties, and a most agreeable and intelligent gentleman."

Orders for kindling promptly filled by the Pulley Works. Telephone 50.

Hildreth Heirs.

Carlisle Mercury: "Fifteen representatives of the Hildreth heirs attended the meeting called by Judge J. W. Tilton in this city last Saturday. They discussed the matters in interest, which was the securing of a large estate in England, and authorized A. Hildreth, Esq., to open correspondence with parties in the old country. The following persons were present: From Nicholas County: Aquilla Hildreth, Isaac Hughes, J. A. Bishop, James Hughes, S. K. Standiford, T. T. Hughes, Thos. Hildreth and Judge J. W. Tilton; from Robertson; J. W. Dotson, Grant Dayton, S. H. Sims, C. W. Sparks and J. A. Wheeler; from Mason: John Collins."

"UNCLE BILL."

Death of an Old Colored Citizen Who Had Served Three Generations in One Family.

William Hoper, an aged and highly respected colored citizen, died, after a lingering illness, at his home near Mayslick on Tuesday morning of this week.

"Uncle Bill," as every one knew and affectionately called him, had never left the home which as a slave he had known and loved, manifesting to the end the interest and attachment for the family whom he had so long served—the Mitchell family.

For more than a quarter of a century he was the faithful, honest and trusted servant of the late James M. Mitchell, continuing from the latter's death until stricken with his final sickness in the faithful service of the daughter, Mrs. Finch, thus rendering devoted, conscientious service to three generations in the same family, and in the same home.

Possessing the confidence of each generation he has made a remarkable record of fidelity and trustworthiness, and his memory will be revered accordingly.

He was laid to rest in the Mayslick Cemetery.

The Circleville (O.) Herald claims to have inside information that a big syndicate has been formed for the construction of an electric line from Columbus to Portsmouth.

Two cases of meningitis were reported from Lexington this week, both fatal. One of the victims was John Nolin, whose death is mentioned elsewhere, and the other was Ben Luffe, a farmer, fifty years of age.

Miss LOTTIE BATEMAN and Mr. Frank Wiley were married a few days ago at the home of the bride's parents, Mr. and Mrs. E. M. Bateman, near Chatham, Bracken County. The bride is one of Bracken's estimable young ladies, while the groom is an industrious young farmer.

At Lexington Thursday a decision was given in favor of A. F. Dillon for \$2,500 against the city. Some time ago Dillon, who is an old man, slipped and fell on the sidewalk. It was claimed that the city was to blame for allowing the sidewalk to be in such dangerous condition. The amount of damages asked for was \$10,000, and the jury awarded \$2,500.

San Francisco, March 2.—The transport Portland sailed for Manila and the Valencia will sail on Saturday. The Portland's cargo includes a large quantity of drain piping which will be used in improving the sanitary conditions in the Philippine capital.

Men Still Out.

South McAlester, I. T., March 2.—The coal miners' strike remains practically unchanged. The Krebs men are out temporarily and will take a vote to decide whether or not they stay out.

Philippine Commissioners.

Hong Kong, March 2.—The United States Philippine commissioners left here on board the United States cruiser Baltimore for Manila.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. O. Hannick & Co., of Shelby, N. C. Trial bottles free at J. J. Wood & Son's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

Yesterday's Selling

Surpassed all previous figures. But it wouldn't have if real value giving hadn't been the basis of this carefully planned Underwear sale. The cut and shape of the garments, tasteful trimmings, thoroughness of the needlework, littleness of prices are the factors of our success. Of these a word to-day.

CORSET COVERS.—Fine stock, perfect shape, Swiss embroidered trimmed, high or square neck. Some yokes with six clusters of fine plaits and two rows of embroidery; many finished at neck and arm holes with hambug edging—35, 50c.

SKIRTS.—Fine muslin, linen ruffle finished with four inch ruffle of open work embroidery cut extra wide, with flare from knee down, \$1 to \$2.50.

DRAWERS.—Close muslin, finished with five plaits and ruffle of embroidery, cut wide, 50c. to \$1.

CHEMISES.—Corded band of fine muslin, 25c., Van Dyke yoke, neat edge around neck sleeves and front, 50c.

Profits Go to Make Goods Go.

The bane of most Clothing stores is old stock and we are determined at all hazards to have none. This end can be accomplished in but one way, move the winter goods now! How? By cutting prices—cutting prices without counting the cost in loss of profits. We can better afford to do business at a loss for a short time than to come to spring loaded with winter stocks.

So off With the Profits and Out With the Goods,

new, clean, up to date, high grade goods, such as no other house in the State can show, at prices lower than ever before put on such fine Clothing. It's to go so long as the necessity exists.

N. B.—Our Spring stock of Clothing is now on the way, and it will be to your interest to see it when it comes, that is, if you want the best.

FEBRUARY WEATHER.

It Was a Cold Month—Below Zero on Ten Days—The Rain and Snow.

The month of February was an unusually cold one. The temperature was below zero on ten days,—the 1st, 2nd, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th—and one day it never got above zero.

The coldest day of the month was the 10th, when the mercury dropped to 22° below. The warmest notch reached that day was 2° below, the mean temperature for the day being 10° below zero.

The warmest day of the month was the 20th, when the mercury climbed up to 63°. The mean maximum for the month was 33.8°, the mean minimum 12.8°, making the mean for the month 23.3°.

The total precipitation was 2.77 inches; the total snowfall in inches 10.7.

There were twelve clear days, two partly cloudy and fourteen cloudy. It rained or snowed on fifteen days, sleeted on two days and there was quite a heavy thunder storm on the morning of the 3rd.

The weather conditions were destructive to the tender varieties of fruits, especially peaches. The general opinion, however, is that apples are not greatly injured so far.

FOR SALE—Slop in any quantity at Lime-stone distillery after February 5th.

SPINAL MENINGITIS.

A Nephew of Mrs. Dan Perrine Dies at Lexington Wednesday Morning of the Disease.

Mr. John Nolin, a nephew of Mrs. Dan Perrine and sisters of this city, died Wednesday at his home in Lexington, of cerebro spinal meningitis, after an illness of two days.

The Herald says Dr. Bannister was called to Mr. Nolin's home Monday and found him suffering much pain. After being with him a short time he pronounced it a case of meningitis, but to make more certain he called in another physician, who agreed with him.

That afternoon Mr. Nolin lost consciousness, but suffered greatly. He lingered in this condition until Wednesday morning at 5 o'clock when he succumbed to the disease.

Deceased was twenty-two years old, and was a son of the late Wirt Nolin.

His father and one brother died in Georgia last fall within a few days of each other and were brought here for burial.

The disease has caused a great many deaths throughout Kentucky the past month, being very prevalent in the southwestern portion of the State.

DANVILLE Advocate: "It is the general impression that if the appointment of a successor to Judge Barr is based upon the character of the applicant that Hon. A. M. J. Cochran, of Maysville, will be chosen. Unfortunately politics plays an important part in such matters. Party services and political influence are more potent in such contests than merit. Mr. Cochran may loose out on that account, although his loyalty to the Republican party has never been questioned. But he is not a politician of the stripe that gets the plums."

PROF. J. W. HENRY, Principal of the Morehead Normal School, has withdrawn from the race for the Democratic nomination for Superintendent of Public Instruction. He has discovered that he is not eligible to the office on account of his age, he being twenty-eight, while the required age is thirty.

ALL the newest goods at Hoeftich's.

It's the Fashion, Nowadays,

For merchants all over the country to resort to fairy tales in their advertisements to induce people to buy goods.

Pick up any Cincinnati paper and you see where you can buy a Suit of Clothes for \$4.98 worth anywhere from \$15 to \$25.

There may be some that believe such statements, but they don't live in this neck of the woods.

Our long experience has taught us that reliable merchandise at legitimate prices is what the intelligent buyer seeks.

THAT'S THE KIND OF STUFF YOU FIND WITH US,

and that's the reason you, like your fathers and your grand-fathers before you, come to us.

We are now receiving our Spring Goods. We can truthfully say that you will find none like them elsewhere. You will do yourself justice to look through our line when you begin to think about buying a Spring Suit or light weight Top Coat. No fashion or style, no matter how novel and new, but what you will find in our house. The same we can say about our Hats and Furnishing Goods. Our shirt line is the most replete in the State. Our leaders are the Manhattan, Columbia and Eclipse. They are the best; were any better, we would have them.

Special pride we take in our line of

MEN'S SHOES

in stock. We have the Smith & Stoughton, Burt & Packard and the world-wide celebrated Hanan Shoes. For the latter Shoes we are special agents, and by agreement with the makers are able to sell these Shoes at \$5. They are sold in all cities for \$6 and \$7.

HAVING an unusually large stock of spoons, forks and fancy pieces in sterling silver goods, I have decided to offer these goods at cost to reduce the stock. Now is time to buy these goods if you are in need of them. Nothing sold for less than cost, and at prices that goods are marked. They are sold only for cash.

MURPHY, the jeweler.

MR. W. H. WADSWORTH was operated on Tuesday at Dr. Johnson's private sanitarium in Cincinnati for, appendicitis. For a day or so there was some apprehension as to the result, but a telegram last evening brought the gratifying news that he was getting along very nicely—as well as his physicians could expect.

KACKLEY & CO.

FLEMINGBURG Times-Democrat: "Miss Gertrude Given went to Mason County to attend a house party last Friday at the residence of Mrs. Cook, and while there developed a case of measles, and is still there."

MRS. MARY JONES, wife of Captain W. B. Jones, a prominent citizen of Madison County, died this week of meningitis, after a brief illness.

THE DISSOLUTION SALE

Still continues. The question that has been asked us so often in the past few days is, "Are you really going out of business, or are you just doing like so many others—trying to reduce your stock at this the dull season of the year?" Those who have been in and learned the prices that we are making on our fine goods have no doubts. You who have been in, and who do not avail yourselves of the benefits of this, the greatest sacrifice sale ever made in this city, will be the losers.

We state most positively
that Lee & Ballenger are
going out of business, and
are selling their entire stock

of Men's, Boys' and Children's Tailor-made Clothing and Men's Furnishings of every kind, Hats and Caps

Our line of FINE STIFF HATS we believe to be one of the best stocks in the State. All of these goods will be offered and sold at less than half their real value. This sale will continue until the whole stock is sold out and the business of the firm settled up. It will pay you to see these goods for present or future use. You will surely never again get them so cheap. If we were going to continue in business we would not think of selling these goods at the prices they are going for.

WE ASK YOU TO COME IN
AND SEE THE DIFFERENCE
BETWEEN A GENUINE CLOSING-OUT-TO-QUIT-BUSINESS
SALE AND THE FAKES SO
FREQUENTLY ADVERTISED!

In twenty years in business in this city we have never advertised anything that we did not do. We stand upon our record. This sale is the real thing—closing out dissolution to retire from business at prices never before equaled and perhaps never will be again. You can't afford to miss it. Respectfully,

MEN OF MARK.

Elihu Root is partial to red neckties. Admiral Schley is something of an artist and frequently amuses himself by painting in water colors.

General John M. Hood has completed 25 years' service as president and general manager of the Western Maryland railroad.

Senator Gear of Iowa has an odd habit of always carrying his hat with him, even when moving only about the senate chamber.

The Rev. Peter Macquenn has resigned the pastorate of the West Somerville (Mass.) Congregational church in order to go on a special mission to the Philippines.

General John M. Palmer is 82 years old and has permanently lost the sight of his right eye. His hearing is also affected, and he is unable to continue his law practice.

A Melbourne policeman recently arrested Lord Brussey, the governor, for riding his bicycle on the wrong side of the road. The magistrate discharged the culprit with a caution.

Mr. James Thackeray Bunce, who has been the editor of the Birmingham Post, one of the most influential of English provincial papers since its establishment in 1857, has just retired.

Peter Dunne, the author of the Dooley sketches, first came into notice as a newspaper humorist on the Chicago Post. About a year ago he became the managing editor of the Chicago Journal.

Professor Richard Claverhouse Jebb of Cambridge, who represents the university in parliament, has been elected as Mr. Gladstone's successor to the honorary professorship of ancient history in the Royal academy.

When the Spanish peace commissioners made a request for arbitration, Judge Day's reply was, "Arbitration comes before war to avert its evils, not after war to escape its results." The epigram states the case fully in 15 words.

Albert J. Beveridge, Indiana's new senator, will be the youngest member of the United States senate, for he is but 35 years old. He is a native of Ohio and has been a logger and has "punched cattle" on the plains. He worked his way through DePauw university.

The late Professor Jonathan B. Turner, the oldest member of the faculty of the Illinois State university, who died recently, had continued teaching, though 96 years old, until he was taken ill. He had been with the university since 1833, when he was graduated from Yale.

Dr. Horace Burr of Wilmington, Del., who has just died, was a master of 15 languages. He wrote many historical records of the Swedes and of the Episcopal church in the diocese of Delaware, and for 25 years he had been a vestryman of Old Swedes' church. He was a member of the standing committee of the diocese.

The Time It Worked.

Little Johnny always wanted to sleep in the morning, and finally Papa McSwatters wondered how he would ever get the boy up betimes. At last he struck upon the following:

"Johnny, the furnace fire is all fixed, and the ashes have been carried out, and the leaves raked. Breakfast is almost over and only three pancakes left."

Johnny forgot his ablutions in his hurry. —Syracuse Herald.

An Antique Weapon.

"You are an iceberg!" exclaimed her elderly but well preserved adorer, pale with anger and mortification. "A dozen Cupids, with a hundred arrows each, could never find a vulnerable place in your flinty heart!"

"Not if they used an old bean to shoot with. Mr. Wellup," coldly replied the young and beautiful Miss Flyppe. —Chicago Tribune.

THE POULTERER.

Milk fed to poultry is one of the best egg producers. Every warm mess fed to the fowls should be salted. Provide plenty of fresh warm water twice daily in winter. Wash the roosts and the bottom of the nests with lime water. When the weather is cold, the eggs should be gathered up frequently, or they cannot be depended upon to hatch. As the ducks will begin to lay soon, care must be taken in feeding them. Too much grain is bad. They must have some bulky food. One reason why corn is a bad feed for fowls is that the grains being large and fed shelled the fowls eat so fast that they eat too much for their own good. Too much stimulating food causes egg overproduction. The result from such treatment will be poor hatching, weak chickens and inferior fowls. A good variety of sound, nourishing food is much better. —St. Louis Republic.

Women should not be tempted by the display of fancy kid gloves to be seen in many shops. They are hopelessly bad form. What woman of exquisite taste would dream of donning bright red, blue or green kids or would be caught wearing a pair of white suedes embroidered elaborately in pink or blue or black in yellow and white? The Parisians are the best gloved women in the world, and the style of wearing suede gloves in white and delicate shades of tans, grays and browns prevails among them from year to year.

Things on a Chain.

To some of the chain bracelets and to the long neck chains are attached at intervals short pieces of chain, from each of which depends some such object as a tiny pig, fox, doll, cat, coiled serpent, a golf ball, a crab, a tiny shoe holding a turquoise, a little violin, a miniature wishbone inclosing three gems, a perfect bicycle or a yacht, the whole forming an interesting though incongruous collection. —Jewelers' Circular.

COLUMNS OF NEWS

Condensed into a Few Pertinent Paragraphs For Busy Readers.

Pope Leo is reported convalescing. His fever has diminished.

United States senate passed the criminal code law for Alaska. Also the Buffalo exposition bill.

Halsey C. Post, of Sandusky, filed a petition in bankruptcy. Liabilities \$300,000. He is a fishdealer.

An Arkansas mob jerked Morris Christopher from jail and strung him up. Christopher was a black and had raped a white girl.

Joseph H. Choate, Uncle Sam's ambassador to the court of St. James, was warmly received by London officials. The mutuality of the salve spreading was marked.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

In Search of Mahon.

New York, March 2.—On account of the continued absence of Martin Mahon, the complaining witness, the trial of Mrs. Fayne Strahan Moore for alleged robbery by the badger game, was adjourned to March 27. Assistant District Attorney McIntyre said all the resources of the detective force of the city would be called into requisition to find Mr. Mahon. The court reduced Mrs. Moore's bail from \$7,500 to \$5,000.

Germany Has Other Designs.

Berlin, March 2.—A high German authority says that the motives which induced Germany to entrust the protection of Germans in the Philippine Islands to the United States are simple. The Kaiserin Augusta and other German warships in the far east are needed in Chinese waters owing to the recent anti-German outrages, and Germany feels that German subjects are safe under the protection of Americans.

Samoan Negotiations On.

London, March 2.—Replying to a question on the Samoan situation in the house of commons, the parliamentary secretary of the foreign office, Mr. Broderick, said no formal proposals for the partition of the Samoan Islands had been made by any power. Negotiations, he added, were proceeding between the three powers interested respecting the recent disturbances.

Sand Contains Platinum.

Chicago, March 2.—An assay of black sand found in the Kotalinqua river, Alaska, made by Dr. Willis E. Everett, is said to show that one ton of it contains \$776 worth of platinum. Platinum is extensively used in electrical construction and dentistry. Platinum is found only in the Ural mountains of Russia, from which it is exported to this and other countries.

IT WAS PARIS GREEN.

Young Girls Receive by Mail a Package of Alleged Face Powder.

Pittsburg, March 2.—Lottie, Alma and Nellie Herman, daughters of Elmer L. Herman, an undertaker of Allegheny, received by mail a package of powders enclosed in a note advising them to use the powders for their complexion. Their mother, whose suspicions were aroused, took charge of the package, and upon examination found, it is said, that it contained paris green. The motive for the attempt upon the lives of the young girls cannot be conjectured.

Mollineux Arraigned.

New York, March 2.—Roland Mollineux, indicted for killing of Mrs. Katherine J. Adams, was arraigned in court. The room was packed when Mollineux took a position beside his counsel, Messrs. Weeks and Battele. Mr. Weeks asked that time should be given to the defense before pleading, and suggested about a week. District Attorney Gardner protested, but was overruled by Recorder Goff, who set next Tuesday as the day for pleading.

Chicago, March 2.—The heavy fog which overhung the city was indirectly the cause of a head-end collision between two freight trains on the Chicago, Burlington and Quincy railroad, which resulted in the death of one man and the injury of two others. The dead man is Herman Schomberg, 35.

Congressman Sibley Ill.

Harrisburg, Pa., March 2.—Congressman-elect Joseph C. Sibley, of Franklin, who came to Harrisburg on Tuesday to take part in the senatorial contest, is seriously ill. His physician says he is threatened with pneumonia.

The Ax Glanced.

Leitchfield, Ky., March 1.—Aleck Rulliford let an ax accidentally glance and cut Tim Crall's throat while making ties near here. He died instantly.
